## 10 Bands for 10 Bucks

It'll be a great night of live music, where the best and most popular of Northwest Ohio performers join with community supporters and music lovers to raise funds for music educators in our region.

Notes 4 Tomorrow is also an opportunity for a limited number of local businesses and partners to show their concern for music education by helping make this event truly successful. Your support puts instruments in schools, helps marching bands travel, and raises awareness of the challenges faced by music programs in our schools.
